

## CONTENTS OF VOLUME 284

Comparative Electrophysiologic Effects of Bepridil, Verapamil and Diltiazem in Conscious and Anesthetized Dogs. <i>J. P. Kantelip, M. Alatiene, J. M. Talmant, N. Ghyselinck and P. Duchêne-Marullaz</i> . . . . .	5
Effect of Mexiletine on Reperfusion-Induced Ventricular Arrhythmias: Comparison with Lidocaine. <i>D. Bonaduce, N. Ferrara, P. Abete, G. Longobardi, D. Leosco, V. Canonico, G. Morgano and F. Rengo</i> . . . . .	19
$\alpha_2$ -Adrenergic Agonist and $\alpha_1$ -Adrenergic Antagonist Activity of Ergotamine and Dihydroergotamine in Rats. <i>J. Roquebert and B. Grenié</i> . . . . .	30
Effect of the Amino-Oxazoline Derivative S-3341 on Pre- and Postjunctional $\alpha$ -Adrenoceptors in Isolated Blood Vessels. <i>T. J. Verbeuren, F. H. Jordaens, L. L. Zonnekeyn and A. G. Herman</i> . . . . .	38
Celiprolol, a Compound Possessing Weak $\alpha_2$ -Adrenergic Antagonist Properties in the Dog. <i>W. S. Mann, E. F. Sales, R. G. Van Inwegen, J. A. Barrett, R. D. Smith and P. S. Wolf</i> . . . . .	53
Pharmacological Evaluation of $d(\text{CH}_2)_5\text{Tyr}(\text{Me})\text{AVP}$ as an Antagonist of Vasopressin-Induced Contraction of the Isolated Rat Caudal Artery. <i>B. V. Clineschmidt and E. V. Lis</i> . . . . .	72
Further Evidence for the Involvement of Cyclic AMP in $\text{Ca}^{2+}$ -Dependent, but not $\text{Ca}^{2+}$ -Independent, Noradrenaline Release in the Rabbit Pulmonary Artery. <i>M. Göthert and F. Hentrich</i> . . . . .	85
In Vitro Vasorelaxing Activity of Suloctidil. <i>P. Calderon, W. van Dorsser, K. Geöcze von Szendroi, J. G. De Mey and J. Roba</i> . . . . .	101
Myocardial and Vascular Effects of Perindopril, a New Converting Enzyme Inhibitor, during Hypertension Development in Spontaneously Hypertensive Rats. <i>M. Cadilhac and J. F. Giudicelli</i> . . . . .	114
Mechanistic Studies on the "Bronchosparring" Activity of Celiprolol, a Cardiosselective Beta-Adrenoceptor Antagonist. <i>R. G. Van Inwegen, A. Khandwala, R. J. Gordon, C. A. Sutherland, P. Wolf and T. P. Pruss</i> . . . . .	127
Antithrombotic Efficacy and its Time Course after Application of Naftidrofuryl <i>in vivo</i> . <i>K. S. Herrmann, A. Große-Heitmeyer and H. Kreuzer</i> . . . . .	145
Effect of Triflusal and other Salicylic Acid Derivatives on Cyclic AMP Levels in Rat Platelets. <i>J. García-Rafanell, J. Ramis, L. Gomez and J. Forn</i> . . . . .	155
Combined Phenytoin and Salicylate Effects on Thyroid Function Tests. <i>N. G. Baranetsky, B. S. Chertow, M. D. Webb, R. F. Leonard and W. I. Sivitz</i> . . . . .	166
Delta Receptors in the Rat Vas Deferens. <i>C. F. C. Smith and A. Carter</i> . . . . .	181
Effects of Pentazocine on the Guinea-Pig Ileum. <i>G. Onuaguluchi and S. A. Igwe</i> . . . . .	193
Vascular Responses of Isolated Canine and Simian Femoral Arteries and Veins to $\alpha$ -Adrenoceptor Agonists. <i>K. Kawai and S. Chiba</i> . . . . .	201
Prevention by Nimodipine, a Calcium Entry Blocker, of the Effect of $\alpha_2$ -Adrenoceptor Blocking Agents on Noradrenaline Release: Differential Effects of Nimodipine, on [ $^3\text{H}$ ]Noradrenaline and [ $^{14}\text{C}$ ]Acetylcholine Release Measured Concomitantly from the Guinea-Pig Ileum. <i>T. Bartfai and E. S. Vizi</i> . . . . .	212

Further Evidence for Tonically Functioning Presynaptic $\beta$ -Adrenoceptors in Guinea-Pig Pulmonary Arteries. <i>M. Kuwahara, H. Amano, T. Kubo and Y. Misu</i> . . . . .	225
Tricyclic Antidepressant Inhibition of the Electrical Evoked Responses of the Rat Urinary Bladder Strip-Effect of Variation in Extracellular $\text{Ca}^{2+}$ Concentration. <i>P. A. Akah</i> . . . . .	231
Enhancement of Morphine-Induced Hyperactivity by Antihistaminic Drugs in Mice. <i>M. Sansone, C. Castellano and F. R. D'Amato</i> . . . . .	239
Electrophysiological and Behavioral Assessments of Dopamine Autoreceptor Activation to Apomorphine in Rats. <i>S. Okuyama, H. Shimamura, S. Hashimoto and H. Aihara</i> . . . . .	246
Long-Term Administration of (—)Deprenyl (Selegiline), a Compound which Facilitates Dopaminergic Tone in the Brain, Leaves the Sensitivity of Dopamine Receptors to Apomorphine Unchanged. <i>J. Timar, B. Knoll and J. Knoll</i> . . . . .	255
Cardiovascular Reactivity in Adult Rats Pretreated at a Suckling Age with Intracerebroventricular 6-Hydroxydopamine. <i>S. Takishita and K. Fukiyama</i> . . . . .	267
Comparative Effects of Bepridil, Diltiazem, Nifedipine and Verapamil on Haemodynamic Parameters and Myocardial Oxygen Consumption in Anaesthetized Dogs. <i>M. Beaughard, M. T. Michelin, J. Tisne-Versailles and J. C. Lamar</i> . . . . .	276
Nifedipine Increases Oxygen Saturation Level of Myoglobin in the Rat Heart during Hypoxia. <i>K. Watanabe, Y. Kimura and Y. Abiko</i> . . . . .	297
Effects of Long-Term Administration of Propylidazine on Blood Pressure and Counter-Regulatory Systems in Conscious Hypertensive Dogs. <i>G. Fischer, H. Stroissnig, N. Mayer, G. Krumpal and G. Raberger</i> . . . . .	313
Book Reviews . . . . .	324
Contents of Volume 284 . . . . .	335
